

### **EXAMINER'S COMMENT**

The Information Disclosure Statement (IDS) filed 11-23-09 has been considered except the reference lined through 2008/0233024 with a date of 9-1-08 to Honjo et al. as the inventor and publication date do not match the instant document and 2008/0233024 has already been cited in the instant IDS correctly.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:None of the prior art of record teach nor suggest the claimed feature of the scrubber interface device including a insulated insert portion. The closest prior art is to Redden et al (7316721) which does not qualify as prior art having a priority date of 2-9-04 which is after the instant priority date of 2-3-04. Redden et al does teach an insulating portion(see Fig. 2, 20 in Fig. 1) in the inlet manifold but not in the scrubber interface device. Thus the instant invention is both novel and unobvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duane Smith whose telephone number is (571)272-1166. The examiner can normally be reached on M-F 9-5..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Duane Smith can be reached on 571-272-1166. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.

/Duane Smith/

Supervisory Patent Examiner, Art Unit 1797
